## **EAX**<sup>®</sup>

The EAX family of heavy duty, easy to install, customizable exit alarms provides a wide variety of feature rich applications for door security.

## **ECL**

The ECL-230 is a code compliant, battery alarmed, rugged dead bolt, panic device with steel plate and photo-luminescent sign providing managed security and a 100 decibel alarm for secondary exits.

## **ECL**

The ECL 230X is a code compliant, battery alarmed, rugged 3-point locking panic device with photo-luminescent sign providing maximum security and a 100 decibel alarm for secondary exits.

Providing hinge-side protection, the DX Bolt is an additional line of defense against break-ins. Even if the exterior door hinges are compromised the DX Bolts keep your door locked and secure. DX Bolts can be added to most applications, providing code compliant, economical, multipoint locking security. DX Bolts are available for use with all Detex panic hardware.
